**Notes:**

<sup>1</sup> This number first includes fees waived at application. As a project progresses, additional fees may be added at permit issuance or for the next steps in the process.

<sup>2</sup> Sales taxes generated are subject to Department of Revenue guidelines.

<sup>3</sup> This is a SUMMARY list of fee holiday projects. Each project can include one or more cases. The previous list included each case within a project.

<sup>4</sup> The possible TIF to be waived is deleted or modified to reflect when the TIF is collected for one or more buildings in a project.

<sup>5</sup> The possible TIF to be waived includes impact fees projected to be waived based on data from the preliminary review of a project, which can change prior to final review.

<sup>6</sup> Projects with a zero construction value are either move-in only tenant improvements with no construction proposed or are in a stage of the development process where no construction is proposed at this time.

<sup>7</sup> Projects may have negative fee amounts listed due to refunds for fees originally tracked in a previous month.

<sup>8</sup> Value of construction only includes building valuation. Other site improvements are not included.

<sup>9</sup> Property tax assessment increases only assumed for additions, new developments and tenant improvements over 10,000 SF in shell buildings originally built before the year 2000. Non-profit organizations also excluded.

<sup>10</sup> This project does not include building improvements or the applicant does not have a proposed building size for the development, so projected tax increases cannot be determined at this time.

<sup>11</sup> Information from 6-1-2016 forward may have a higher margin of error, as manual entry is now required to produce this report.

\* These projects have waived fees under more than one program, including the current Resolution 2013-06-06. All charges were previously tracked on the "Prior Resolution Projects" tab. Fees waived after 6-11-13 are now shown on this tab.
